

# CLASSIC BULLET

## SPECIFICATIONS

**THE CLASSIC BULLET** is especially useful in those areas where good color rendition, dimming capable, instant on, easy installation and reasonable initial cost are of concern. With three colors in stock and a wide selection of mounting arrangements, this incandescent bullet proves to be the appropriate tool for Par 38 lamp applications.

### **FIXTURE**

Cast aluminum body and Knuckle threaded for 1/2" NPT.

### **LENS**

Convex tempered Glass sealed in the lens ring.

### **GASKETING**

high temperature gaskets seal the neck and socket

### **FASTENERS**

Corrosion resistant stainless steel

### **WIRING**

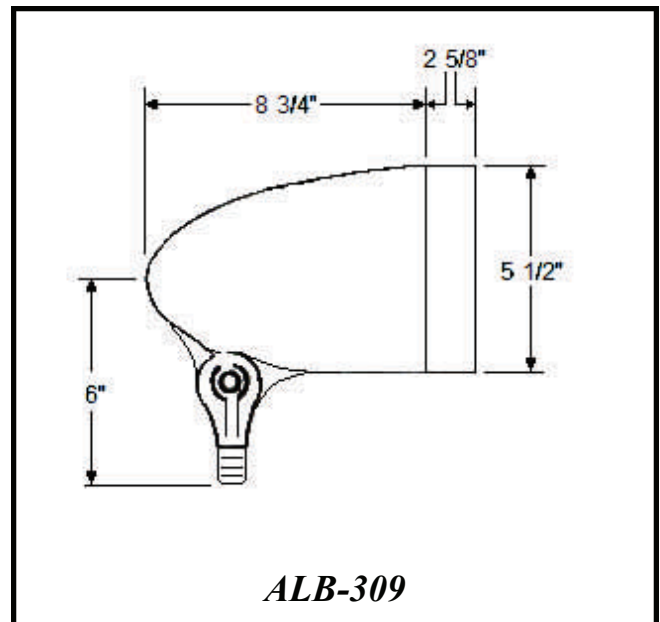

The fixture is pre-wired with 6"/18 WAG. 200 C wire

### **LAMP**

Lamps 150 watt Par 38 incandescent

### **SOCKET**

Medium base high temperature pulse rated glazed porcelain.

Dimensions are subject to change without notice
